

JORDAN'S GIFT APPEAL

New Year's Eve Family Celebration Dinner proudly supporting the Paediatric Intensive Care Unit at The Royal Children's Hospital

Every New Year's Eve, the dedicated team in the Paediatric Intensive Care Unit at the Royal Children's Hospital work tirelessly to help the critically ill children in their care.

Ten years ago, our family experienced the anxiety fraught world of "intensive care". Our son Jordan was born premature and with a serious congenital heart defect which required emergency medical intervention.

On the 31st December 1996, a day after Jordan was born, the Neonatal Emergency Transfer Service transferred him to PICU.

This became our family's home for the next 29 days.

We witnessed firsthand the many medical interventions necessary to help our son including ventilators, external pacemakers, renal dialysis, to name a few. Even though Jordan did not survive, our family is eternally grateful that we had the opportunity to know and love our baby boy.

Please support us in extending our gratitude and paying tribute to the fantastic and dedicated team that work in PICU by joining us this

New Year's Eve at a "Family Celebration" fundraising dinner.

Together with the RCH Foundation we aim to raise much needed funds for the Intensive Care Unit.

JORDAN'S GIFT APPEAL

New Year's Eve Family Celebration Dinner to raise funds for the Paediatric Intensive Care Unit at The Royal Children's Hospital
