

Rotary Touring at its Best

Grey Bruce was created by Mother Nature, and we think she owned a wankel... or so they say. Bound by Lake Huron to the West and Georgian Bay to the North, there is a ton of coastline to ride. Combine it with the Beaver Valley, Blue Mountain, Sauble Beach and the Bruce Peninsula, all located a few hours outside of Toronto, and we've got the perfect weekend ride.

When Grey Bruce was originally surveyed to have its roads built, the surveyors must have been rotor heads! Our county and municipal roadways are well surfaced, free of city traffic and some are nice and twisty. They wind through river valleys, over the Niagara Escarpment, and along some of Canada's most beautiful shoreline.

THREE GREAT DAYS

WRENCH TURNING WITH BUGGY
PUB CRAWL TO BIERMANS
HOMEMADE BREAKFASTS
CRUISE THE ESCARPMENT
LUNCH EN ROUTE AT PIPER'S
CRUISE THE COASTLINES
LATE NIGHT BBQ
DOOR PRIZES

HERE'S WHAT PAST PARTICIPANTS HAVE SAID

"Thanks... for the hospitality and the awesome cruise."

"Some of the best scenery tour[ing] I've ever been[on]... Can't wait for the next one."

"Please do go if you can, these guys put a lot of effort into organizing this, you won't be disappointed."

"I had a blast"

"Yeeeahhhh! Killer Time!"

"It was sweet. Gotta do it again."

"These cars were made for driving - and so are the roads of the BCM!"

BCM 2010 ~ Get In The Action!

BCM 2010 opens Friday night 8 pm with Buggy and the Grey Bruce Rotorheads offering up a generous helping of TLC for your car.

Need a last minute oil change or help swapping out that pesky wheel bearing? No problem! You know what they say...”many hands make light work”. That’s just what you’ll get Friday night. That way, you’re sure to be in good shape for the day-long cruise on Saturday. *Just be sure to let us know about your car’s needs ahead of time.* You bring the supplies, and we’ll provide the car-hoist and tools to put things right.

It’s all part of Friday Night’s Wrench Turning at the ‘Rotorhead garage’!

Once things wrap up at the garage, we head north to enjoy the hospitality of Bass’ Place where you will have your choice of relaxing and sharing a few drinks and stories while watching several rotor-themed videos; or taking in the night life at one of our local pubs.

After a restful sleep in one of the air-conditioned bedrooms at Bass’ Place, a home-made breakfast served in the dining room is sure to get your mind, body and soul back into gear.

Then it’s time to fire up the rotors and start our cruise through the winding back roads that takes us over the Escarpment, through Beaver Valley and then up along the beautiful shorelines and beaches of the Bruce Peninsula.

It is along the Escarpment that we will stop for lunch at the Piper’s Restaurant & Tavern in Thornbury. Our unique dining experience will begin the moment we walk in the door. As you can see from the enclosed menu, there’s something that will satisfy every rotorhead.

Our cruise then continues along the winding back-roads of the Escarpment as we make our way towards the coastline.

After completing our tour of both the eastern and western coastlines of the Peninsula, we’ll then head back inland to Bass’ Place for a late BBQ and pub crawl.

Our coast is well known for its breathtaking sunsets and we plan on using this natural beauty as our backdrop for some amazing club photos. So don’t be camera shy.
