

CLEAR BLUE SKY ROADRALLY

AN AUTOMOBILE RALLY WITH A FLYING THEME

Lots of people who like cars also like airplanes. If you are one of those, don't miss our next event, the Clear Blue Sky Rally. The run starts at Cavanaugh Flight Museum in Addison, where a number of interesting planes are on view. Then, leaving the Addison Airport area, we will travel the byroads of North Texas passing a number of airfields, large and small. You will have some questions to answer along the way. We will end at the Vintage Flying Museum at Meacham International Airport in Fort Worth. Here you and your car will be photographed in front of a WWII B-17 bomber, on the tarmac. You will have plenty of time to see the other planes and attractions at the museum.

After a break for scoring and enjoying the museum, trophies will be awarded.

Registration opens: 9 am on Saturday, July 31, at the Cavanaugh Flight Museum, at 4572 Claire Chennault Drive, in Addison, TX 75001.

Mandatory novice safety briefing at 9:45am, with a rally school immediately following. The first Car will leave the start at 10:31am

Lunch will be fast food en route, on your own.

Preregistration is recommended, because you will be emailed the "General Instructions," which tell you how to follow the course, and how to score well. You may preregister at www.tinyurl.com/CBS10msr.

This fun auto roadrally has been created by the Texas Region, SCCA. Sanction and insurance is provided by the Sports Car Club of America. This rally is a part of the Regional RoadRally Series, and points are earned both at the national and local level.
