Subject: BATTERY REPLACEMENT - SERVICE TIP	Bulletin No: 01-019/05
	Last Issued: 6/29/2005

BULLETIN NOTE

This bulletin supersedes the previous bulletin 01-042/04, issued on 12/15/2004. The PART(S) INFORMATION has been revised.

APPLICABLE MODEL(S)/VINS

2004-2005 RX-8

DESCRIPTION

This information supersedes all parts information relating to battery replacement recommendations for RX-8. The RX-8 battery box is designed to duct fresh air around the battery, which aids in cooling to improve battery performance and reliability. The battery box and cover are essential to insulate the battery from high engine compartment temperatures.

1429A

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. Mazda technicians utilize the proper tools/equipment and take training to correctly and safely maintain Mazda vehicles. These instructions should not be performed by "do-it-yourselfers." Customers should not assume this bulletin applies to their vehicle or that their vehicle will develop the described concern. To determine if the information applies, customers should contact their nearest authorized Mazda dealership. Mazda North American Operations reserves the right to alter the specifications and contents of this bulletin without obligation or advance notice. All rights reserved. No part of this bulletin may be reproduced in any form or by any means, electronic or mechanical---including photocopying and recording and the use of any kind of information storage and retrieval system ---without permission in writing.

REPAIR PROCEDURE

1. If necessary, replace the battery according to Workshop Manual (section 09-17 BATTERY REMOVAL/INSTALLATION).

NOTE: Install battery as shown in illustration. Improper battery installation may reduce or eliminate airflow to battery. Installing a larger battery than specified may restrict airflow and reduce battery life or performance.
