

**Speed Limit Defencer
Mazda RX8 Wiring Guide**

45002-AZ001 Type 3-Z (6MT)
45002-AZ002 Type 3-ZZ (AT/Tip)

ATTENTION – Please read before attempting installation.

This wiring diagram has been provided on the assumption that you have the relevant knowledge and correct tools and equipment that are required to perform the installations of a Speed Limit Defencer (SLD) to your vehicle. HKS assume that you are familiar with typical automotive systems and basic service and repair procedures. DO NOT attempt to carry out the installation of the SLD if these assumptions are incorrect. Always have access to a factory repair manual. To avoid injury, follow the safety precautions contained in the factory repair manual.
