

## ***2008-2009 Mazda5, 2009 RX-8 BLUETOOTH® OPERATION ON VEHICLES WITH NAVIGATION***

The 2008-2009 Mazda5 and 2009 RX-8 vehicles equipped with navigation share the steering wheel-mounted voice command button between the navigation and the Bluetooth hands-free telephone system.

Access to the Bluetooth hands-free telephone system for functions such as making a call or pairing a phone, can be made in one of 2 ways:

1. Press and release the voice recognition/hands-free switch and say "Phone" or "Telephone" and the system will engage the Bluetooth hands-free telephone system and the information display will show "Listening".
2. Press and hold the voice recognition/hands-free switch and until the information display shows "Listening".
