

SHIFT KNOB

INSTALLATION INSTRUCTIONS

Thank you for purchasing a Mazdaspeed accessory.

Before removal and installation, be sure to thoroughly read these instructions.

Please read the contents of this booklet in order to properly install and use the shift knob. Your safety depends on it.

Keep these instructions with your vehicle records for future reference.

WARNING

- There are several  **WARNING** and  **CAUTION** sections in this booklet concerning safety when installing or removing the shift knob.

Always read and follow them in order to prevent injuries, accidents, and possible damage to the vehicle.

 **WARNING:** Indicates a situation in which serious injury or death could result if the warning is ignored.

 **CAUTION:** Indicates a situation in which bodily injury or damage to the vehicle could result if the caution is ignored.

- Do not modify the shift knob.
- Do not install the shift knob in any way other than described in the following instructions.
- If in any doubt, please ask your Mazda dealer to install the accessory in order to prevent errors in installation.
- If you have any questions about the use of the accessory, ask your Mazda dealer for proper advice before using it.
- Mazda and its suppliers are not responsible for injuries, accidents, and damage to persons and property that arise from the failure of the dealer or installer to follow these instructions.
- To ensure safety and reliability of the work, installation, removal and disposal work must be carried out by an Authorized Mazda Dealership.
- Be careful not to lose removed parts, and be sure that they are kept free from scratches, grease or other dirt.

PART NAME: SHIFT KNOB

PART NUMBER: QNCA 46 030 (MT Carbon)

VEHICLE: Mazda MX-5 , RX-8

NOTE

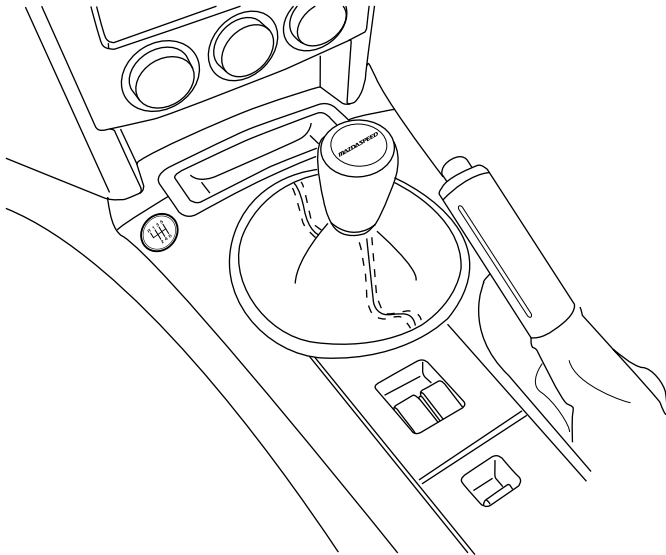

To the dealer

- Please turn over these instructions to the customer after installation.

To the customer

- Keep these instructions after installation. The instructions may be necessary for installing other optional parts or removal of this accessory.
- Should the vehicle or this accessory be resold, always leave these instructions with it for the next owner.

1 INSTALLATION VIEW

2 PARTS

Note

- Before installation, verify that the kit includes all the following parts and that the parts are not dirty, scratched, or damaged.

	Part name	Qty.
①	Shift knob	1
②	Shift pattern 5MT × 1, 6MT × 2	Each 1
③	Installation instruction	1

3 BEFORE INSTALLATION

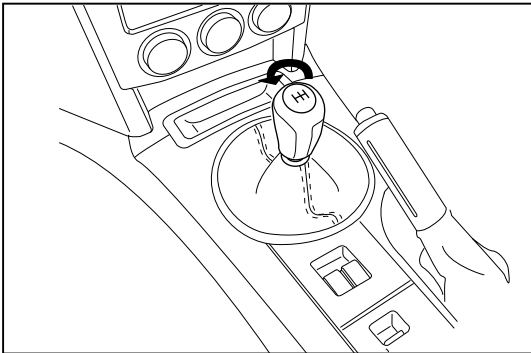

⚠ WARNING

- When removing/installing the parts, park the vehicle on level ground and apply the side brake securely. Be sure to turn the ignition switch off, otherwise the vehicle can move, causing personal injury or vehicle damage.

⚠ CAUTION

- Tighten the shift knob by hand, not with a tool.

4 INSTALLATION

1. Remove the factory installed shift knob by rotating it in the direction of the arrow (counterclockwise).

⚠ CAUTION

- The factory installed shift knob may be stiff to rotate. Rotate the shift knob slowly.

A shift knob is turned about 10 times.

2. Install the accessory shift knob by rotating it in the direction of the arrow (clockwise) about 10 rotations . Torque begins to go up and the shift pattern marking is aligned parallel to the lateral center axis of the vehicle in the range of further 5-6 rotation.

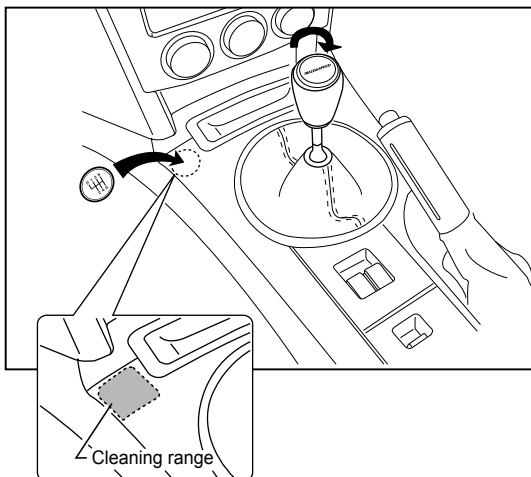

⚠ CAUTION

- Do not position the shift knob by rotating it counterclockwise, otherwise it could become loose.

3. Please clean a shift pattern label ② attachment position finely with neutral detergent etc.
4. The same shift pattern label ② as the shift pattern of vehicles is stuck.

⚠ CAUTION

- Before sticking shift pattern label ②, please be sure to stick after degreasing with neutral detergent etc. It will become the cause of peeling if it sticks by not degreasing.
