Subject: NAVIGATION DISPLAY STANDARD FOR FAILED PIXELS	Bulletin No: 09-081/09
	Last Issued: 12/21/2009

APPLICABLE MODEL(S)/VINS

2004-2010 Mazda3

2004-2010 Mazda6

2010 CX-7

2007-2010 CX-9

2004-2010 RX-8

DESCRIPTION

Some vehicles may exhibit black, white, or red pixels that do not change in color. The industry standard is 3 failed pixels minimum before an LCD screen is considered defective.

A vehicle is considered to be within design standard if the number of failed pixels does not exceed this limit, and parts will not be replaced or exchanged.

NOTE: THIS STANDARD APPLIES TO ALL LCD SCREENS.

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. Mazda technicians utilize the proper tools/equipment and take training to correctly and safely maintain Mazda vehicles. These instructions should not be performed by "do-it-yourselfers." Customers should not assume this bulletin applies to their vehicle or that their vehicle will develop the described concern. To determine if the information applies, customers should contact their nearest authorized Mazda dealership. Mazda North American Operations reserves the right to alter the specifications and contents of this bulletin without obligation or advance notice. All rights reserved.
