## MEMBERSHIP AGREEMENT

---

SoCal All Rotary membership is conditional. Please read this entire document before signing. The contents of this document are subject to change. It is the responsibility of the members to be aware of any changes as they become available. Changes to this document can occur by a majority vote of the association body or by the board of directors. A date of the effectiveness will accompany any changes, and a revised document will be placed on the association website. A revised version can also be emailed upon request.

By signing this document, all persons agree to the terms stated within and agree to meet the standards set forth. Failure to comply with this agreement could result in membership suspension and/or termination. Any dues paid or donations given prior to membership termination will be forfeited.

SoCal All Rotary is a Non-Profit Organization and all donations of any type become the property of the organization. In the event that SCAR should be dissolved, all assets, property, and remaining funds will be liquidated/distributed according to the laws applicable to non-profit organizations in the state of California.

# SoCal All Rotary

**Mission Statement:** The mission of SoCal All Rotary is to encourage ownership and operation of rotary engine vehicles. We aim to challenge conventional mindsets of internal combustion engines.

**Code of Conduct:** SoCal All Rotary is a family-oriented association and has a zero tolerance policy for any and all illegal activities (e.g., street racing, drug use, other crimes etc.) that may directly or by inference subject the association to civil or criminal liability or otherwise bring discredit to SoCal All Rotary. This policy includes but is not limited to non-association activities where your behavior could be interpreted as being representative of the association. For example if you are wearing SCAR-branded apparel or have a SCAR branded decal and engage in street racing.

All members will be expected to follow simple guidelines of conduct. Listed below are additional examples of behavior that will not be tolerated:

1. Excessive alcohol use
2. Illegal drug use or use of any substance that makes operation of a motor vehicle unsafe (e.g., abuse of prescription medication)
3. Profane or abusive language
4. Fighting (includes all persons involved in the perpetuation of violence)
5. Vandalism or willful destruction of association or association members property
6. Theft (includes association registered property)
7. Negative social media use (e.g., on the SoCal All Rotary Facebook members site, tagging SoCal All Rotary in negative statements on Instagram, etc.) including but not limited to:
  - i. Profanity
  - ii. Messages defaming a specific race, sex, sexual orientation, religion, ethnicity, or political affiliation
  - iii. Sexually explicit pictures
  - iv. Discussions of illegal activities including street racing (see below)
  - v. Copyrighted material
  - vi. Slandering or libeling of association members, other clubs and organizations

Street racing will not be tolerated. Members convicted of or openly admitting to street racing shall be immediately placed on suspension pending an association investigation by the officers and may result in the member being permanently expelled from the association.

As described above, any action whether illegal, unsafe or which may bring discredit to the association in any way may be cause for immediate suspension of association member privileges to include but not limited to participation in association events, access to the association's closed forums (e.g., the private, member's Facebook group), association member benefits such as discounts and sponsored product giveaways, and association with SCAR at public events.

SoCal All Rotary applies a "three strike rule" and reserves the right of conditional application. This consists of two (2) warnings issued by an association officer. The third "strike" or violation of this conduct code will result in membership suspension or termination, which will be determined by a committee of officers of the SCAR association. If extreme circumstances exist, such as fighting or theft, the three strikes rule may be waived in favor of immediate action. If you are asked by an officer of the association to leave the premises of a SCAR event, you must do so immediately. Do not return without permission of the committee. Time passing between departure and committee decision may be credited to the decision of the committee at their discretion. You may submit your input in writing for review by the committee that will meet to settle your issue at a more convenient time.

As a member of SoCal All Rotary, I, \_\_\_\_\_, understand and agree to meet the standards set forth above. I understand that failure to comply with the terms indicated in this agreement could result in the suspension and/or termination of my membership and that any dues paid or donations given will be forfeited.
